**Landsat 256 Mini
Multi-Spectral Rifle Scope**

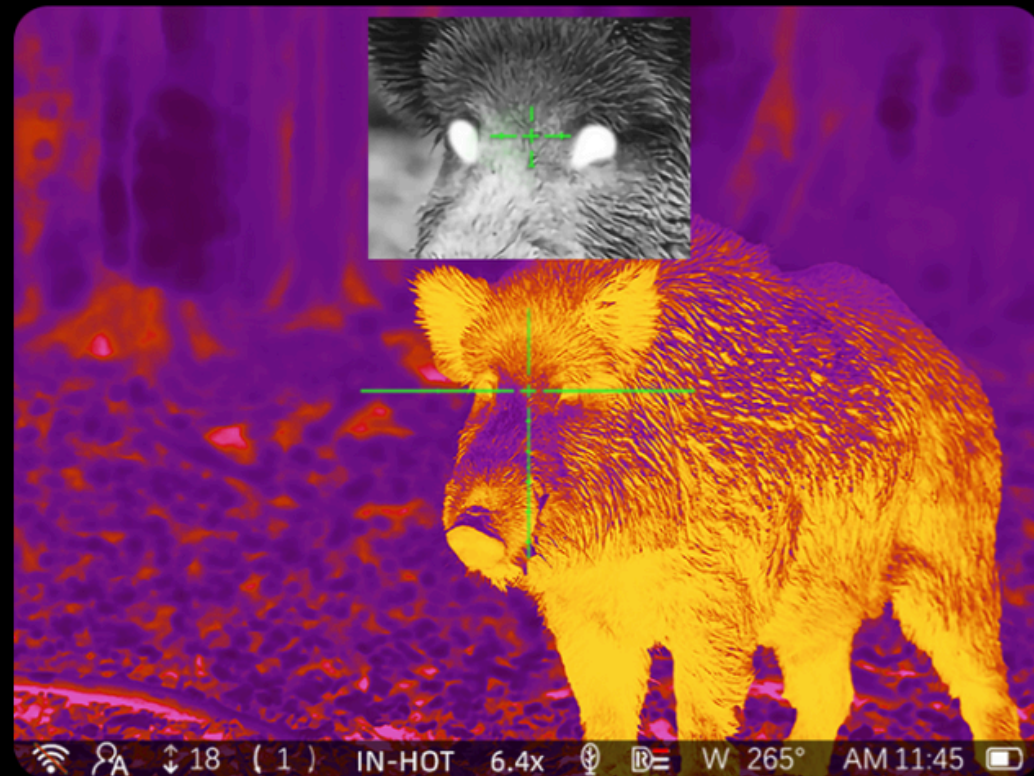

Landsat 256 Mini
Super Compact, yet Powerful, Efficient, and Safer

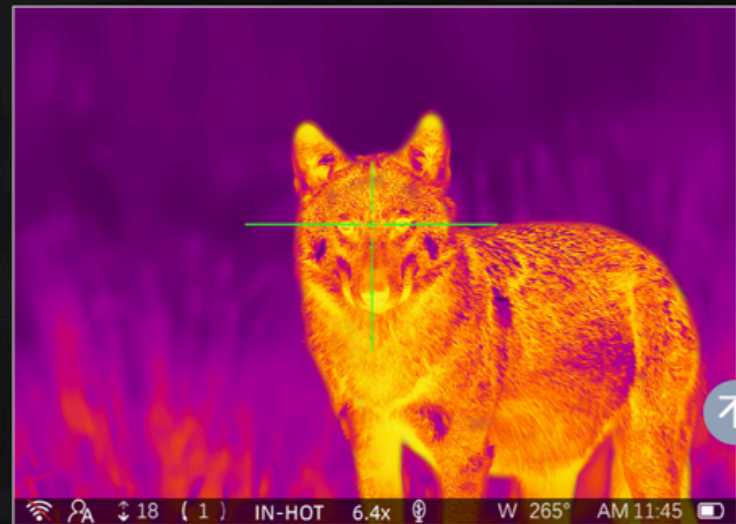

MASTERING ADVANCED HUNTING SAFETY

Efficiently and safely immerse yourself in a hunting expedition using the thermal imaging channel for target detection and the night vision channel for precise identification.

INTEGRATED MULTI-SPECTRAL VIEWING MODES

Revolutionizing hunting, Landsat series integrates three single-image channels (thermal imaging, night vision, and daytime) and a picture-in-picture mode combining night vision and thermal imaging channels.

SLOPE-DESIGN KEYPAD **EASY TO OPERATE**

The slope-design keypad allows direct visibility of each key, enabling precise key positioning and greatly enhancing operational ease and efficiency.

REVOLUTIONIZING COMPACT DESIGN

Featuring an unprecedentedly compact appearance, the multi-spectral scope weights only **520g**, greatly lightens the hunting pack and significantly enhances handling convenience.

Size: 170*77*85mm
Weight: 520g

BRAND NEW UI ICONS

User-friendly UI design allows simultaneous prey aiming and menu settings, delivering an optimal user experience.

DUAL HIGH-SENSITIVE SENSOR

The high-sensitivity thermal sensor with **NETD $\leq 25\text{mK}$** detects small temperature differences in low-contrast conditions, while the **CMOS sensor ($\leq 0.001\text{lux}$)** provides detailed images for better identification both day and night.

INTEGRATED 1200m LASER RANGEFINDER

Enhance shooting precision with integrated laser rangefinder, enabling hunters to quickly and accurately measure target distance.

REMOVABLE & RECHARGEABLE

18650 LI-ION BATTERY

Equipped with a removable **18650 battery** which can be recharged up to **500 times**, allowing for quick battery replacement during the journey.

Recharged up to
500 times

SMART SCREEN RECORDING

Landsat 256 Mini surpasses traditional video and image capture by recording home screen icons alongside photos and videos, offering richer information recording.

EXPLORE MORE FEATURES

5 RETICLE STYLE & 4 COLORS

Select from 5 reticle styles in 4 colors to optimize adaptability to hunting environments, enhancing visibility.

850/940NM IR ILLUMINATOR

Choose from two options at 850nm or 940nm wavelengths, offering an irradiation distance of 350m. Opt for 850nm for enhanced visibility or 940nm for superior concealment.

3 SCENE MODES

Three scene modes (City/Rain/Forest) provide outstanding adaptability across different environments.

EXPLORE MORE FEATURES

WiFi CONNECTION

Built-in WiFi enables connecting to a phone as an external viewfinder for sharing or viewing.

5 IMAGE MODES

In order to highlight targets, Landsat 256 Mini offers 5 image modes(WT-HOT/BK-HOT/RD-HOT/IN-HOT/SKY) for users to choose from according to preferences.

6000J RECOIL RESISTANCE

6000J recoil resistance ensures superior stability, durability, and comfort, delivering a perfect hunting experience.

Specifications

Landsat 256 Mini

Sensor	
Type	Uncooled VOx(vanadium oxide)
Resolution(pixel)	256*192
Pixel Size(um)	12*12
NETD	≤25mK (0.025°C)
Frame Rate(Hz)	50
Detection Distance(m)	900
Optics	
Image Engine	Pard IREA
Objective Lens(mm)	19/25
Optical Magnification(x)	3.2/4.2
Digital Zoom(x)	2/4/6/8
Field of View (Horizontal)	9.2°/7°
Field of View (Vertical)	6.9°/5.3°
Field of View (Diagonal)	11.5°/8.8°
Focus Range	3m-∞

Specifications

Landsat 256 Mini

Display	
Type	OLED
Resolution(pixel)	1024*768
Scene Mode	City/Rain/Forest
Image Mode	WT-HOT/BK-HOT/IN-HOT/RD-HOT/SKY
Eye Relief(mm)	25
Diopter Adjustment(D)	-5~5
Photo / Video	
Photo Resolution(pixel)	1024*768
Photo Format	.JPG
Video Resolution(pixel)	1024*768
Video Format	.MP4
Storage	Built-in EMMC (32 GB)

Storage	Built-in EMMC (32 GB)

Specifications

Landsat 256 Mini

Connections	
USB Type-C	Yes
WiFi	Yes
Supported Apps	PardVision2
Power Supply	
Battery Type	Lithium Ion 18650*1
Output Voltage(V)	3.7
Operating time(h)	≤6
External Power Supply(V)	Type-C

Specifications

Landsat 256 Mini

Environmental Characteristic	
Degree of Protection	IP67
Operating Temp(°C/°F)	-30 ~ +55 / -22 ~ +131
Material	
Housing	Aluminium Alloy
Objective Lens	All-glass multi-coated lens
Measurement	
Product Dimension(with IR illuminator&LRF, L x W x H, mm)	170*77*85
N.W/pcs(with LRF&battery, g)	520
